EDUCATION

2022-Present

B.E(CSE) - Kamaraj College of Engineering and Technology | CGPA: 8.56 | 85%(Till 7th Semester)

PROJECTS

FACULTY CAREER ADVANCEMENT

- Developed a web application to assist faculty members in managing their promotion applications online, integrating student feedback and predefined evaluation criteria to streamline the evaluation process.
- Technologies Used:** HTML, CSS, JavaScript, MongoDB, Postman, REST API

ONLINE EXAMINATION PORTAL

- Developed a web-based Online Examination System using Django to facilitate the creation, management, and evaluation of online tests. Implemented features such as user authentication, subject-wise question management, timed exams, scoring, and result generation.
- Technologies Used:** Rest Frame Work using Django.

CGPA Calculator

- Developed a mobile-based CGPA Calculator application using Flutter, designed to help students accurately compute their semester-wise GPA and overall CGPA. Implemented features such as dynamic subject entry, credit-based grade calculation, real-time GPA updates, and summary reports.
- Technologies Used:** Flutter

INTERNSHIPS

KEVELL CORP, MADURAI

DEC 2023

- Developed a structured blog website using HTML, CSS, and JavaScript, demonstrating proficiency in front-end development and web design principles. Focused on clean layout design, proper code structuring, and cross-browser compatibility to meet standard UI/UX development practices.

COOL DREAMERS, SIVAKASI

JUNE 2024

- Developed a Task-Timer web application using HTML, CSS, and JavaScript for the front end, with MongoDB for database management. Integrated APIs and tested endpoints using Postman. Implemented task tracking and timer functionality to help users manage and monitor their productivity effectively.

TECHNICAL SKILLS

Languages	C Basic Java
Tools	VS Code Canva Figma Postman
Technologies	HTML CSS Node JS Express JS
Database	MongoDB
Framework	Django Flutter

ACHIEVEMENTS

- Earned Microsoft Certified: Azure Fundamentals certification(AZ-900), demonstrating foundational cloud computing knowledge.
- In Smart India Hackathon (SIH), developed a project called “Bail Reckoner” to streamline the online bail application process and was selected as one of the top 30 teams at the college level.
- Earned silver badge in C programming - HackerRank
Profile: <https://www.hackerrank.com/profile/lathavairamuthu1>
- NPTEL Certification – Data Science for Engineers
Issued by IIT (NPTEL)
